NEW JEWISH FORCE NEAR 10,000 LIMIT

NEW YORK, Aug. 31.—The Jewish force for service in Palestine with the British has been recruited nearly to full strength of 10,000 men, it was announced at a luncheon given by members of the British recruiting mission and the Zionist organization of America at the City Club. Several thousand previously recruited are training at Cairo, Egypt, and others are in action.

Only twelve days are left to receive enlistments, it was stated, because of the expected operation of the new draft law. Registrations under the new law will cut off all available material. None but friendly aliens, including Russians, or men released by their draft boards for this service can be taken into the ranks. The average enlistments have run to thirty men a day for New York city.

The Jewish force cannot be used as a vehicle to escape the Federal draft, one of the speakers warned. In all cases where a recruit has been released by his draft board and has not reported to the battalion headquarters, he has been arrested. There are 164 such cases awaiting action. The men will be given until Monday to report. The recruiting campaign will be continued with open-air meetings up to September 5.

Major C. Brooman White headed the British contingent at the dinner. The Zionists were represented by Dr. Haas, Charles Cowen, George S. Avenin, and R. Lewis Epstein, Chief Officer

C. H. Stern, U. S. N. R. C., detailed by the navy to aid in the examination of applicants, was also present.

Major White denied rumors that were afloat, he said, to the effect that recruits for the force were transferred to British army units in England for duty in France.

"The rumor is false," Major White said. "All men who have joined the Jewish force since recruiting began have been accepted for service in Palestine only. They are allowed, so far as regulations permit, to observe religious rites and holidays and to fight under the Jewish flag until their services as soldiers are no longer required."

DON'T LIKE THEIR NEW CIGARETTES

AMSTERDAM, Aug. 31.—The scarcity of tobacco in Germany has led to the introduction of a standard cigarette and the cigarette smoker of the Fatherland is loud in his condemnation of it. It costs nearly a

penny, is put up in packets of various sizes and is called "Germany's Strength."

Vorwarts describes the sensation caused by smoking this anything but fragrant weed:

"When one lights this cigarette, one feels at once that Germany's strength must be tremendous to stand such awful stuff. If one inhale the smoke then the first feelings of seasickness set in. If the paper be removed a grayish mixture of substances is seen and the smell is like that of a musty cellar dwelling in which there is a shoemaker's shop."

A slightly better cigarette is also made, but in order to obtain twenty

of that kind the smoker must purchase forty of "Germany's Strength."

"Turkey and Bulgaria," adds Vorwarts, "have both had good tobacco harvests, and it is suggested that those allies might prove themselves brilliant seconds by coming to Germany's aid with amicable cigarettes, which would help us to keep our spirits up in many a serious hour."

It is not the United States army or the United States navy that is at war with Germany. It is the United States of America. This means you. What part are you playing in the war? You can help by buying War Savings Stamps.

Cordo-Hyde Shoe Laces

Guaranteed to last 3 months. For army shoes, ask for style No. 120. The best and most economical laces.

Sold at leading shoe stores, shoe repair shops, and bootblack stands. Distributed at jobbers' prices. BY Capital Shoe Findings Co. 617 F. St. N. W.

BUY OR FIGHT!

That's About What This War Has Gotten Down To

Merely working here at home isn't going to pay the expenses of the war. It takes money to pay the war expenses. You all know how the Government is going to get the money; through taxes and loans, of course. The vast majority of the citizens of this country will pay no taxes, but there is something every one can do, should do, and is your patriotic duty to do, and that's to loan your money to the United States Government. If you are able to do so you will, of course, buy Liberty Bonds, but if you cannot invest to the extent called for in bonds you can still invest in one of Uncle Sam's Gilt Edge securities.

THIS ADVERTISEMENT IS WRITTEN in the Interest of the WAR SAVINGS STAMP Campaign Now Being Conducted by the COMMITTEE FOR THE DISTRICT OF COLUMBIA.

Mr. D. J. Callahan, Chairman of the Committee, asked us to form a War Savings Society among our employees. We have gladly complied along the lines as shown in our letter, a copy of which we print herewith.

BUT YOU ASK

Why advertise the fact?—are not other firms doing the same thing, and why put yourselves on the back, why take any special credit for what you ought to do anyway?

YES, WE SHOULD, BUT—

what would some of the young fellows think of some other fellow coming to them dressed in a nice Palm Beach suit and urging them to join the Navy, or perhaps you noticed in the months gone by the strong, healthy huskies driving machines around town with this placard posted on the windshield—"Your country needs you: Join the Marines."

THE MESSAGE DIDN'T GET VERY FAR, DID IT

So we felt that before we could consistently urge you to buy W. S. S. and Thrift Stamps we should do something ourselves.

SO WE URGE YOU TO BUY

Not alone buy, but buy until it hurts. According to last reports the District of Columbia is falling down in sales compared to some other cities and it's up to each and every resident of the District of Columbia to see that the old position is regained and that we come through with our quota reached and passed by the 31st day of December.

IN A FEW DAYS

all we men on the A. M. of Forty-Six will sit down and tell the Registrar our full names and just where we live. Then we will ALL more fully realize that WAR is something else but Hip, Hip, Hooray, and that the "Boys Are Doing It" idea may not be permanent after all. And when we get home and show the little card which we must all carry with us, there will be some sober moments and lots of serious thought.

AND PERHAPS WE'LL FIGURE OUT

that there are many things we really can do without and that we can find numerous dollars to invest in the "Baby Bonds" and will do it and do it enthusiastically, and with ever increasing regularity.

BUY OR FIGHT!

Every patriot must do one thing or the other. Which will it be for you?

To All Employees of The Sanitary Grocery Co., Inc.:

Mr. D. J. Callahan, chairman of the War Savings Committee for the District of Columbia, has asked this company to form a War Savings Society. We, therefore, ask each and every employee of this company—

First: —To purchase to the full extent of his ability as many War Savings Stamps as he can.

Second:—As our contribution to the cause and to assist the committee in the sale of W. S. S. to our employees, we have the following proposition to make:

To every employee of this company who has been in our employ for the calendar months of August, September, October, November, and December, 1918, at which time the W. S. S. Campaign closes, if such employee will purchase from this company, as Treasury Agents for W. S. S., one War Savings Stamp of the maturity value of \$5.00, we will purchase one similar stamp, but we will not keep our stamp; we will give it to each employee as an addition to his salary for the calendar month. Exception:—For August, all employees on our payroll on date of this circular may participate.

On the last day of each month you must have your money ready to purchase said stamp from your Store Supervisor, and at the time said stamp is purchased he will give you an additional stamp of \$5.00 maturity value as an addition to your salary for the month just past.

While we can only give you one stamp in consideration of your purchase of one stamp, we trust you will buy stamps to the full extent of your ability, as this is one of the safest investments that you can possibly put your money into.

Further, the above proposition is subject to your signing blank form of agreement, which we have prepared, in which you agree not to dispose of any W. S. S. that you may receive from us as an addition to your salary to anyone outside of your immediate family before January 1, 1919.

Understand, Mr. Callahan has asked us to form this society in our company and we feel, under the circumstances mentioned above, that the employees of this company should come through with 100% membership.

The Last Week in August

The last week in August has generally been accounted the poorest business week in the year for our business. That's why we are offering so many close prices at this time—to break the "hoodoo." You can't get the full benefit of the opportunity our stores offer unless you carefully and regularly inspect both merchandise and prices.

About IVORY Soap

On Monday we announced a special price on this item for this entire week. We supplied our stores liberally, but the demand has been enormous and some stocks were quickly depleted. However, we are replenishing stocks as quickly as we can and any time you can find Small Size Ivory Soap in our stores this week the price will be:

SMALL IVORY SOAP 18 Cakes for \$1.00

Smaller Quantities, 3 Cakes for 17c

A Word of Appreciation

Several times we suggested that those of our patrons who could do so would find it much more satisfactory to do their shopping as early in the day as possible, thereby enabling our clerks to give you better attention. For the generous response we thank you, and we know that during these strenuous times, and times of scarcity of help, that you will feel that we are doing our utmost to render you the best service possible.

Palmolive Soap, 3 for 29c

Have You Tried Our Famous Green Bag Coffee?

STAR SOAP, 4 for 25c
